**Concession Stand** - Need to pick a date to do walk-thrus after each date has been sign up. Also, if we host another track invitational will be ran by boosters like a varsity game. Breining would like to buy big in the beginning and stock up on Sam's Club items to cut down on last minute trips. Linda Smith will order hot dogs and buns through the school, water through Kelly Fuels and Pizza per meet at Pizza Time.

Daasha Webster looking into a new bigger freezer to be possibly donated from MIS

Majority of the group would like to try having each person do a weekly inventory.

Need to check with Cami about baseball concession. Homer Davis wants to know who is doing baseball concession. Last year Zig did it and we did it if there was a track meet and we did regionals

Daasha would like to add more cash boxes and have more money available and that more than just two people should be picking it up. Thinking whoever does inventory can do the money this was tabled for further discussion

**Store** - Linda Smith will work on November 30th girls opener also we will have open during craft show.11-3 time split between Linda Smith and Christy Davis

**Cash Bash** - We need to start selling tickets. Daasha brought up the idea of having more people selling them, people who are in the community and people who run businesses and are trustworthy in Jackson.

**Open Board Positions** - Tabled until next meeting with Cami present.

**Golf Request** - Shawn Murphy and Homer Davis came to us and asked for \$1290.00 to purchase a total of 7 range finders. These will be available to the boys team and the ladies team. Jason Breining motioned for a vote, Lisa Bradley seconded it. Vote was passed unanimously.

Shawn Murphy also had another request of \$16,000.00. This would be to create an indoor golf training facility for the boys and girls team. He has raised some money through donations, the school, and fundraiser at Suburban Lanes, worked concessions. He is still waiting for some donations to come in but doesn't want to count on them until he has them in hand. Kicked around the idea of asking Brian Stuard for a sponsorship. Shawn says Cami is sending a letter to Brain. We decided it would be nice if the kids sent a letter to go along with it. Is also looking at some other companies to donate. He will have more info after thanksgiving as far as money that he has collected and an amount he needs . Looking at the return of Christmas Break to have the project done so will have to vote on this one email. Jessica Roth will see if her husband's company will do some cement work.
