

Pirate Summer Reading Program Bus Stop Information

NCS Summer Reading Program is so excited to offer transportation to our Eby Pirates! We have scheduled 6 local stops throughout the community to help our families to get those Pirates here to read and utilize this great resource. If your child (ren) will be utilizing summer bussing this summer please be sure to return the Transportation Permission Slip back to our offices (send to school w/ students until end of year or drop off at Administration Offices after June 6th).

Aargh Pirates!
Let's get to reading
this summer...

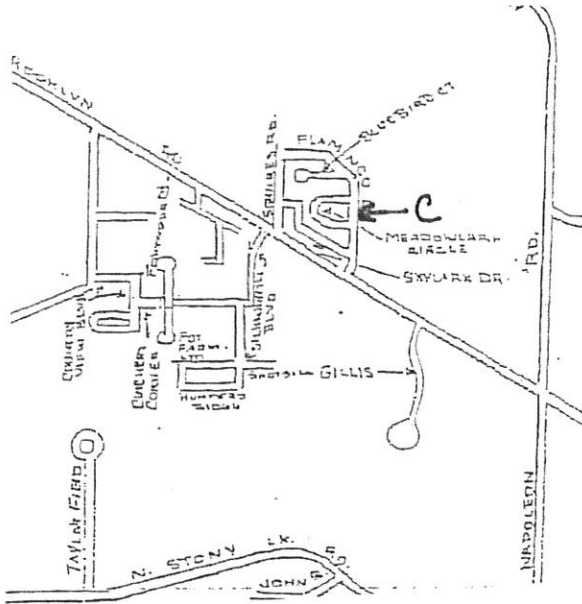

As a friendly reminder, please be prompt when dropping or picking your students up from designated stops at the times listed. Our driver will do their best to be on schedule and will have only a short window at each stop and if you are not there to pick up your student at the times listed your child will be returned the NCS Transportation Office where you will be required to pick them up. Please understand that failure to pick students up as noted may result in termination of summer bus privileges.
