Our study this month is all about the weather and the changes going on outside! We will discuss not only Spring weather, but the different types of weather we have seen throughout the school year and how the weather effects our home & school routine. Talk to your child about the forecast and how to plan for the next day depending on the weather!

REMIND updates: Text @ka8fgbc to 81010.

Please also check your child's folder every night for important notes and information

Gross motor play is an important part of a Preschooler's day!

We will go outside as stormy weather allows, so please pack your rain boots, but remember that shoes will need to be worn in the room! We practice indoor large muscle exercises each day we don't make it out to the playground.
